Subject: [EXTERNAL] I oppose the Byhalia Pipeline

I oppose the Byhalia Pipeline, the special water crossing permits regulators require for it, and the project's impact on wetlands. This pipeline will be a threat to Memphis's water supply, will be destructive to historically black Memphis neighborhoods and homes, and is additionally a danger due to being on a fault line.

Please do not allow this pipeline to destruct Memphis's water and neighborhoods!

Thank you,
